

## **FREE LIFETIME SERVICE AND CARE**

To maintain the comfort and optimum fit and performance of your glasses, we'll happily adjust, clean and service your glasses FREE for the lifetime of your glasses.

It is worthwhile dropping in periodically for us to assess if your glasses need any servicing.

## **CARING TIPS FOR YOUR GLASSES**

it is best to wet your lenses using the Opticlean spray or some cool soapy water before wiping them with a Opticlean cloth or soft lint free tissue. This helps prevent scratches from cleaning. Never wipe your lenses when they are dry, especially on your shirt!

refill your Opticlean spray for just \$2 and help the environment

use both hands when taking your glasses on or off so as to prevent stretching them out of shape

always store your glasses in their case when not wearing them and never leave them face down on any surface
